CARE AND MAINTENANCE

VINYL CARE AND MAINTENANCE

Maintenance Considerations

Clean up spills immediately. Lightly wash floor regularly with warm water and vinyl floor cleaner. Do not use soap based detergents or abrasive cleaners. To avoid possible permanent indentation or damage, proper floor protection devices must be used.

1. Much like other floors, proper acclimation to the environment where installing is necessary.
2. Luxury vinyl flooring can burn when cigarettes and other hot items are dropped on the surface.
3. Even though luxury vinyl flooring is uv treated, it is still recommended to use drapes and window dressings to help filter and block direct sunlight.
4. It is not recommended to install luxury vinyl flooring over a previously installed vinyl floor.
5. When installing luxury vinyl under heavy furniture, the use of furniture protective cushions are recommended since the vinyl can be scratched or indented.
6. Never use rubber mats over luxury vinyl as it may permanently stain the vinyl.
7. The use of vinegar, acetone or harmful solvents should not be used to clean vinyl.
8. Any spills should be mopped up immediately. Lightly wash floor regularly with warm water and vinyl floor cleaner. Do not use soap based detergents or abrasive cleaners. To avoid possible permanent indentation or damage, proper floor protection devices must be used.
