Notes:

- 1 - Nominal Size is inclusive of margin requirement for grout line
- 2 - Installed coverage with grout line is around 16sq.ft
- 3 - Overall size tolerance for Slate Tile is +/- 1/8" (3.00mm)
- 4 - Tile size can vary slightly from the tolerance and the tile setter has to adjust the grout line on site
- 3 - Minimumu 1/4" (6mm) grout line recommended and some adjustment required to compensate for tile size tolerance.
- 5 - Antifracture / moisture management membrane is recommended as underlayment for installations in Kitchen & Bath
