## Warranty

Euro-Rite Cabinets Ltd. (Euro-Rite) warrants all parts and products manufactured with exception to stained wood door styles to be free of substantial defects in materials and workmanship for a period of five years from date of purchase and two years from date of purchase for stained wood door styles under normal home use. Euro-Rite warrants installation labour for a period of one year from the date of installation sign off. In addition, Euro-Rite extends (through its suppliers) a lifetime warranty on all hinges and drawer glides.

This warranty is only extended to the original purchaser, is subject to proof of purchase, and may not be transferred to any subsequent owner. Warranties do not apply to products used for rental, commercial, business, institutional, or other non-residential applications. The warranty is determined at the sole discretion of Euro-Rite and at Euro-Rite's option limited to repair, replacement, or substitution of parts and/or products found to be defective under normal indoor residential use. Refunds are not available. In no event will Euro-Rite be liable for any loss or damage of any kind arising from the use of this product by any person.

Euro-Rite makes every effort to use the best materials and manufacturing techniques available. Euro-Rite reserves the right to change specifications in design and materials without notice and with no obligation to retrofit products previously manufactured.

### Appearance Disclaimer

Variation in product appearance due to finish techniques, wood characteristics, grain direction, lighting, aging and care may occur. Variations in appearance may occur between cabinets, doors, drawer fronts, trim and/or molding, as well as within each component.

Wood is a naturally grown product where the density varies within the tree, and therefore the colour tone of wood varies even within the same species. The colour tone of wood impacts the finish colour, particularly on lighter tone stains. Grain direction can also impact the colour tone of wood. Veneers may appear different from solid wood pieces. Edge-banding is usually made from PVC and is colour-consistent; however, it will not match the variation in wood tones. Any finish that requires sanding will have variation in colour tones even on the same piece, door or drawer front. Darker finishes accentuate minor blemishes.

Natural woods, different species and finishes will all age at different rates, therefore product shown in displays and/or printed materials may not be an exact match to new cabinetry. Samples are to provide an approximate appearance of the product before purchase. In addition, manufacturing occasionally refines products or specifications, and samples may not reflect this activity.

### Limitations

This is a parts only warranty and is only valid in Canada and the United States of America.

### Product warranty does not cover:

- Variation in wood grain, stain, finish, aging, and other wood characteristics.
- Environmental influences such as water, humidity, mold, UV rays, light exposure or extreme temperature.
- Normal wear and tear, or misuse.
- Installation and transportation costs of a warranted item.
- Faulty installation by a non-authorized Euro-Rite Cabinets installer.
- Consequential or incidental damage resulting from, or related to, the transport or installation of product.
- Incorrect storage, transport or handling.
- Any modified or refinished product.

Warranty claims must be submitted in writing along with the original purchase documents to:
